

~~CONFIDENTIAL~~*Office Memorandum* • UNITED STATES GOVERNMENT 143

TO : Director of Training

DATE: 20 February 1958

FROM : C/Junior Officer Training Program/TR

SUBJECT: Weekly Activity Report #7
12-18 February 1958Document No. 037NO CHANGE in Class. ☐☐ DECLASSIFIEDClass. CHANGED TO: TS S C

DDA Memo, 4 Apr 77

Auth: DDA REG. 77/1763

Date: 26 March 1978 A. SIGNIFICANT ITEMS

Nothing to report.

B. NORMAL ACTIVITIES

1. The placement of JOT's who completed OFC #12 has, of course, been delayed by the bad weather "holiday". As a matter of interest, the JOT's themselves showed up on schedule but we were unable to arrange appointments with appropriate officials either because they had not come in or were extremely busy. At present, there seem to be no significant problems in connection with these placements.

2. A request for suggestions and formulation of a training program for covertly recruited JOT's has been forwarded to AF/OS at the suggestion of

3. I have talked over with C/LAS/TR some of the problems incident to giving language training to the JOT's who have been covertly recruited and trained. In all probability this should be done after the training. At least he knows the problems which he thinks can be solved. He will also provide a list of research topics which may be used if it becomes necessary to keep the covertly recruited people busy away from Headquarters until the proposed course begins.

4. I reported verbally that IO Division has a project for using foreign fellowship winners during their overseas studies, and that it may be possible to include several of the candidates for the JOT Program who have postponed their EOD until they return from overseas. who is working on the project for IO Division, will discuss this matter further with us in the near future.

5. has separated to fulfill his four months' active-duty obligation under the JOT/ROTC Program.

-3-

2. The other matters referred to in this category last week have not been ignored but rather delayed because of the "holiday" and the need to focus attention on placement of OFC graduates.
